

# Background Screening Today 2018's Top Trends and Traps

## Employment Law Litigation Continues to Rise

and Fair Credit Reporting Act (FCRA) claims continue to be filed at the fastest rate. Partner with a knowledgeable Consumer Reporting Agency that will work with you to build and maintain a comprehensive and compliant screening program to reduce your risks.

## Information Security Remains a Top Priority

and assuring the privacy and security of your employee information has never been more important. Working with a Consumer Reporting Agency that understands data privacy and security concerns in the US and abroad is critical in this global business environment.

## Screening Laws will Continue to Evolve

and navigating the complicated patchwork of city and state specific regulations can challenge any business. Find a Consumer Reporting Agency you trust to help you understand and adapt to the ever changing regulatory landscape.

## Technology is No Longer Optional in the Hiring Process

driven by changing workforce demographics and an increasingly tech saavy candidate pool. Connect with a Consumer Reporting Agency that provides simple, powerful online tools and integrations to enhance your candidate experience.
